IS 1976

I am happy to inform you that you have been accepted into the Integrated Studies Program for 1976-77. I am sending you this brief notice of acceptance now and later in the summer I will be sending you a list of the readings for classes in the Fall Quarter. On your application you indicated certain courses you wished to take in the Fall Quarter and I have checked these below.

- ___ I. S. 1A, Tradition and Revolution in Physics, (TTh 12-1 and a discussion section either 1-2 or 2-3)
- ___ I. S. 1C, Tradition and Revolution in Anthropology (MW 3-5)
- ___ I. S. 2A, Tradition and Revolution in History (TTh 8-10)
- ___ I. S. 2B, Tradition and Revolution in Theology (MWF 9-10)
- ___ I. S. 2C, Tradition and Revolution in Music (M 1-3, WF 2-3)
- ___ I. S. 8/9 Seminar (M 7-9, and other times to be arranged)

In regard to housing next fall, the Housing Office informs me that your housing contract is in order and you are being assigned to:

- ___ Integrated Studies House (B building Tercero)
- ___ A different Tercero building

If for any reason you find that you will not be able to participate in the Integrated Studies Program next year, please notify me immediately so that I can assign another student in your place. There is already a sizable waiting list for the program.

I will be looking forward to seeing you in the fall.

Sincerely,

Kenneth Greider

INTEGRATED STUDIES

DAVIS, CALIFORNIA 95616

8 October 1982

TO: The Registrar UC Davis and Faculty Advisor for Mike Stuart
FR: Nora McGuinness, Assistant Director, Integrated Studies
RE: Integrated Studies classes taken by Mike Stuart in 1978-79

Please accept I.S. 1B "Genetics" for 4 units of Natural Sciences Breadth Requirement credit. Description follows:

This course will cover the social, health and historical aspects of genetics. Enough elementary genetics will be covered so that students can read material with comprehension. Topics include: Eugenics Movements, Recombinant DNA, Cloning, Radiation, Human Genetic Diseases, Ethics of Genetic Counseling and Prenatal Diagnosis.

Please accept I.S. 1D "Anthropology" for 4 units of Social Sciences Breadth Requirement credit. Description follows:

This course will introduce students to the basic aims and methods of social and cultural anthropology, and attempt to give them an understanding of (1) traditions in human groups and their transmission from generation to generation (in Western and non-Western parts of the world); (2) the different kinds of revolutions with which anthropologists are concerned; and (3) some of the social structural aspects of modern society.

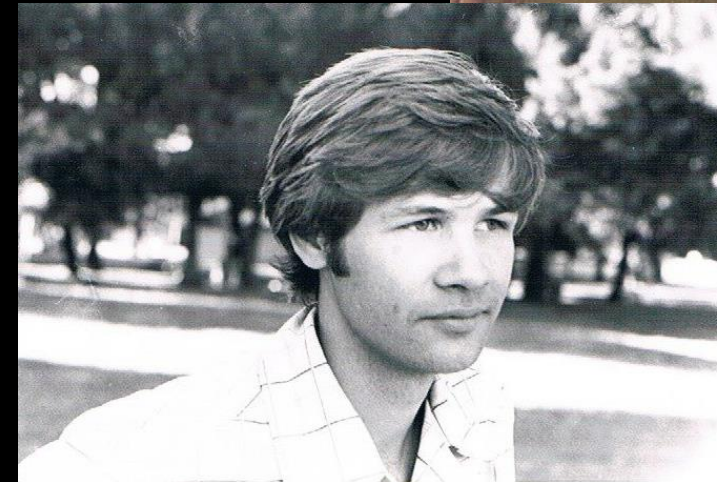

Please accept I.S. 2B "Theology" for 4 units of Humanities Breadth Requirement credit. Description follows:

This course is concerned with three problems: first, the question of whether a god exists, and if so, his nature; second, the question of the nature of man and man's place in the universe; and lastly, the role of morality in society. The major goal of the class is to help the student decide what he or she thinks about each of these problems. Readings are from Eastern as well as Western religious traditions.

If you have any further questions, please contact Kenneth Greider, Director Integrated Studies and Professor of Physics.

4 September 1984

Dear I.S. Student,

Welcome to the class of 84-85. You are the largest and most diverse class we have admitted. (See attached list of classmates) All of the faculty are looking forward to welcoming you to our first event of the school year, an Ice Cream Social on Monday night, September 17, from 7:30-9pm in the Tercero Dining Commons to the left of the exit from the food line. We will introduce the faculty and Academic Peer Advisor, give you a little background on the Program, answer questions and then socialize.

Very shortly you will receive Housing Assignments and computer generated Study Lists. Those of you who have been assigned to B Building will shortly receive a note from your RA's Mark Leong (I.S. 83-84) and Natalee Chan. Those of you who pre-enrolled for Professor Greider's I.S.1A (Physics) will have to select another I.S. course, since Ken has just undergone major surgery and cannot teach this fall. Others of you who may have had schedule conflicts or were dropped from I.S. courses by the computer will have to Add or Drop during Schedule Adjustment Day, Wednesday, September 20. Marc Chun (whose note is enclosed) will be available in B Building to help you with all of that.

During the Fall Quarter Seminar "The Nuclear Predicament" we will have a retreat at the Sierra Club's Clair Tappan Lodge, on Friday and Saturday October 12 and 13. This Seminar Session will replace the class on Monday, October 15 and will give us a further opportunity to get to know each other outside of class. All of the faculty, those teaching in Winter and Spring as well as those teaching the Fall Seminar, will attend and it will be a second opportunity for the faculty-student interaction which has characterized I.S. The cost of lodging and meals will be \$15 per student; the cost of transportation will be shared by all. We strongly urge that all attend, unless some urgent matter prevents it. (Those few of you who have not returned your Course Enrollment Request forms please do so by September 12.)

We have all been working hard at the last minute details; we suppose you are busy doing that, too. If you have questions which need answers before you arrive, or if any problems develop, please call. If not, we'll see you on the 17th.

Sincerely,

Nora McGuinness
Nora McGuinness
Acting Director

IS 1988

Hello, Again. . . .

1. Do the hardest things first, don't put them off. They will be even harder at two am.
2. Try to limit the time you study to two hour chunks. The average human attention span is only 45 minutes, anyway, so why push it?
3. Take study breaks. A fifteen minute walk around campus or Led Zepelin at full blast (with headphones, o' course!).
4. Try to skip around: do some reading, then do some physics problems. This will keep your mind fresh, keep you less bored, and hopefully, more sane.
5. Get enough sleep.
6. Organize yourself before your start. Figure out what you have to do, and how much time it will take. Don't be surprised if it takes longer than you thought it would, and give yourself leeway.

GOOD LUCK

WINTER 1989

DHC 1998

August 28, 1998

Dear DHC 3rd Year Student,

You are invited to the Third Annual Davis Honors Challenge Convocation which will be held on Monday, September 28 at 7:30 p.m. An ice cream social will follow the convocation. This is a great time to see familiar faces as well as meet the new students in the program.

Also, please remember to submit your completed honors contract by the 10th day of instruction, October 14, by 5:00 p.m. to 162 Kerr Hall. You may pick up the honors contract in 162 Kerr Hall or download it from the DHC website at <http://www-honors.ucdavis.edu>. You will also find descriptions of honors contracts that were completed last year on the website. After the honors contracts are reviewed and approved by the Honors Council, we will email your CRN number to you. Keep in mind that the honors contracts need to be completed in conjunction with an upper division course.

If you have any questions, feel free to contact me at 754-6138 or at bamerrittmiller@ucdavis.edu.

Hope you are enjoying your summer!

Sincerely,

Beth Merritt Miller
Honors Counselor

Project Topics

Retirement in the Twenty-first Century: An Actuarial Problem

Interested Party: Stuart Bennett, Buck Consultants, San Francisco, CA

Charge to team: Discuss practice and belief discrepancies between different groups: men vs. women, Caucasian vs. people of color, middle to high-income earners vs. low-income earners. Prepare a report with tables and charts that showcases these common beliefs and practices for included groups.

Parental Involvement Links to Student Success: Schools Building Effective Parent Connections

Interested Party: Pat England, VIP Coordinator, Martin Luther King Jr. Middle School, Sacramento, CA

Charge to team: Investigate the history and issues surrounding barriers to parental involvement at Martin Luther King, Jr. Middle School in Sacramento. Study the demographics of the school community. Make recommendations for building a successful parental involvement program at MLK, Jr. Middle School.

How to Most Effectively Build the Infrastructure for a Learning on Demand Minor in Education at UCD?

Interested Parties: Pam Davis, Technology Coordinator, UC Davis Division of Education

Barbara Goldman, Associate Director of Teacher Education, UC Davis Division of Education

Charge to team: Research the above-named three companies' software/webware for building distance learning courseware. Prepare comparisons of the three companies' offerings based on how they each meet the instructional desires and needs of the clients. Prepare a set of recommendations for the Division suggesting how they could most effectively build a distance learning infrastructure for their minor based on your research.

An Interactive Remote Sensing Exhibit

Interested Party: Charlene Sailer, Associate Research Scientist, Crocker Nuclear Laboratory.

Charge to the Team: Utilizing the 'Explore it!' Science Center in Davis and at least one other science center, determine the elements of a good exhibit for students in grades 8-12, particularly for an exhibit that involves a touch screen.

Project Topics

Assessing the Effectiveness of Alumni Communications

Interested Party: Aviva Lucia, Publications Editor, Cal Aggie Alumni Association.

Charge to team: Evaluate the effectiveness of the CAAA's section of UC Davis Magazine by surveying a broad range of member and non-member alumni and parents and/or smaller focus groups. Develop a process of feedback and determine the effectively communication with the readers of UC Davis.

LaRue Residential College

Interested Party: Ken Verosub, Director, Davis Honors Challenge

Charge to team: Survey current DHC students to find out why they decided to live or not to live in the DHC pod. Provide the DHC staff with a comprehensive and creative plan for the academic and social components of the DHC pod.

Cal Aggie Alumni Association Student Membership Program

Interested Parties: Melissa Dueda - Cal Aggie Alumni Association.

Jen Barber - Cal Aggie Alumni Association

Charge to team: Research and identify ways to attract and increase the number of collegiate members. Create a marketing plan and budget for implementing new strategies for reaching students, educating them about this program and encouraging them to join.

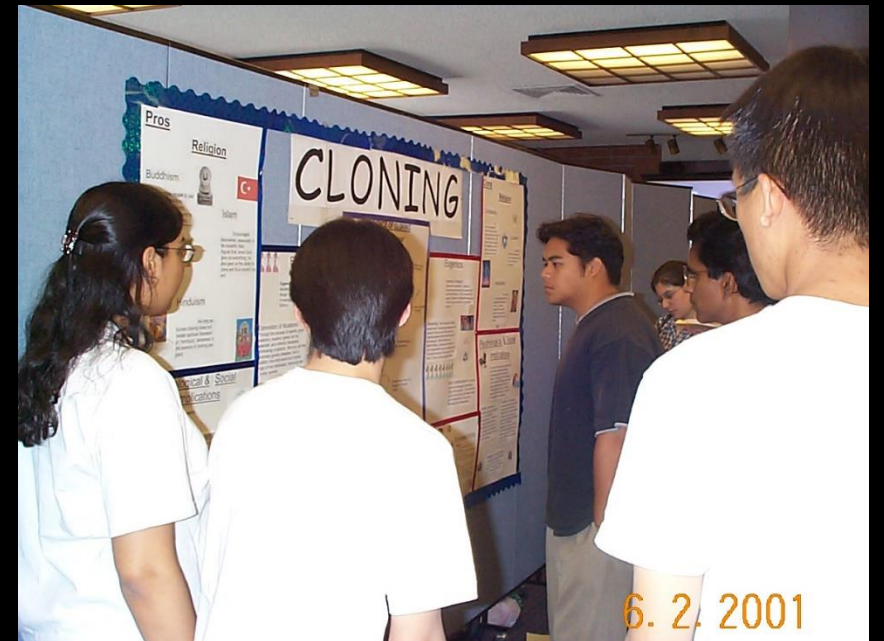

Mildly-ill and Drop-in Child Care Needs at UC Davis

Interested Party: Tawny Yambrovich, Development Assistant and member of Chancellor's Advisory Committee on Childcare.

Charge to team: Determine the demand for mildly-ill and drop-in care in Davis and compare to already existing programs at other universities. Explore the availability of mildly-ill and drop-in care in Davis and determine the costs and best practices. Create a plan for implementing drop-in and mildly-ill care on the Davis Campus.
