An Honors Contract Proposal identifies an independent project pursued under faculty mentorship for a grade and course credit. It cannot be an extension or another course assignment, but is a deeper exploration of course content from a previously taken or concurrently taken course.

- Year 2 students may submit a proposal for a UHP Year 2 course substitution provided the proposal is planned with a previous UHP course and corresponding instructor.
- Year 3 students proposals qualify to meet the Project curriculum provided the proposal is planned with an upper division course and corresponding instructor.

Steps: Type and complete in full, the proposal (below) and email the digitally signed document to UHPproposals@ucdavis.edu. Note, the document needs to be reviewed, approved and signed by your faculty mentor.

Proposal Deadlines: This form is due on or before the 10th day of instruction in the quarter that you will enroll in the course. Once approved, the UHP Program Coordinator will issue a CRN that will allow you to enroll in the course (HNR 190x).
